**Thank you for inquiring about C.L.A.S.S. Home School Program**

Attached you will find our information pack. While it is full of useful information that we encourage you to read and an application for your child’s enrollment, we want to personally take this opportunity to give you some useful information based on what most parents are curious about.

**How much does it cost?**

The initial enrollment fee is \$60.00. This fee will need to be mailed in with your application. This fee covers your child’s enrollment with our program. After we have received the enrollment fee and application, we will notify the Board of Education in your county that your child is enrolled in our program. We will also notify the last school your child attended and request his/her academic records be forwarded to our campus. After we have received these records, we will contact you to let you know the best academic path for your child. Below is a description of our full service program.

The cost for each subject or credit is \$115.00. This includes workbooks and test, score keys and test keys and/or teacher guides and shipping and handling. Everything you need to begin home schooling!

We offer easy and convenient payment plans: For example, we recommend students take at least 5 subjects (English, Math, Social Studies, Science and Vocabulary or an Elective.

The total cost would be \$575.00. That total can be paid in 4 payments of \$143.75. For each payment your student will receive ¼ of their material.

We will take care of all the paper work, notifying the local Board of Education and last school for records, preparing a “workable” academic projection, ordering the books for your child SO that YOU can spend your valuable time teaching your child and helping them achieve their academic goals!

We look forward to serving you and your child.

Staff at C.H.O.I.C.E.
